

# 555 Valley Street Mill Renovation/ PLDW Law Offices

Keough Construction Management has recently completed a renovation and tenant fitup to a historic mill building at 555 Valley Street, Providence, RI.

The 3rd floor features custom mill work and modern amenities, and the use of wood, timber beams, millwork and brick make this an attractive and aesthetically pleasing space. The project was completed in 2010 and is 20,000 sf in scope.
