

# RHODE ISLAND COLLEGE - STUDENT UNION BUILDING

## PROVIDENCE, RHODE ISLAND

PROPOSED EXTERIOR IMPROVEMENTS - SOUTH ENTRY

PROPOSED EXTERIOR IMPROVEMENTS - SOUTH ENTRY

RHODE ISLAND COLLEGE - STUDENT UNION RENOVATIONS

VISION ARCHITECTS

### PROJECT SUMMARY:

Keough provided a schematic design cost estimate for the new building to support desired programming. This new four story structure will house the Bursar's office, Registrar's office, Financial Aid office, and Student Activities office creating a "one-stop" location which is conveniently located and easily identified by the student body. This estimate included a new symmetry vertical platform lift, upgraded thermal and moisture protection, foundation reinforcement, modernized interior and exterior finishes, installation of a fire suppression wet pipe sprinkler system and alarm system, upgrading the existing HVAC system and the replacement of power distribution utilizes.
